Classroom Learning Style Profile

This Classroom Profile shows the learning style distributions among the students in your class who have completed the LSIE. The bar graph above indicates the number of students in your class on the left and the four learning styles on the bottom. The number below the style name indicates the total number of students in the class whose highest scores on the LSIE were in that style. For more information on interpreting this Classroom Profile, see the **LSIE User's Manual**.
