District Learning Style Profile

This District Profile shows the learning style distributions among the students in your district. The bar graph above indicates the number of students in your district on the left and the four learning styles on the bottom. The number below the style name indicates the total number of students in the class whose highest scores on the LSIS were in that style. The numbers above the style names indicate the total number of extroverts and introverts in that style. For more information on interpreting this District Profile, see the **LSIS User's Manual**.
